Your Commitment
Means So Much
To So Many!

I personally invite you to
join the YWCA Northcentral
PA's Circle of Champions Giving Society.

Every donation is an opportunity to help provide hope to the over 1,500 men, women and children seeking our services every year. Circle of Champions is about investing in those we serve, as they in turn, invest in themselves, building a better future whether for them and/or their families. By joining Circle of Champions you not only become a member, but you will also maximize the impact of your giving by coming together with other members in making a real and lasting difference. We are stronger together!
